WAR IN CHILI ALMOST OVER.

Balmaceda's Government Victorious in Nearly All the Provinces—Armed Kurds Defy an English Consul—Election Riot at Bologna—Other Dispatches From Over the Ocean.

LONDON, June 24.—A Santiago de Chili dispatch from Balmaceda's government says that the rebels have lost all their moral force and that resistance on their part in the south has come to an end. On the other hand, the same dispatch states that President Balmaceda is increasing the strength of the army and that his war vessels are attacking rebel ports while the rebel squadron avoids fighting. The president freely walks the streets of Santiago, which city is entirely on his side.

The rebels, the dispatch says, are prolonging the struggle only to enrich themselves with the Tarapaca nitrate deposits. Of the "constitutional congress," it is asserted that it passes measures in the interest of the people, and furnishes the government with ample resources. Nineteen provinces are stated to be under the control of the Balmacedists, these provinces being inhabited by 3,000,000 people, while the rebellious provinces have a population of but 150,000, half of whom are represented to be foreigners.

A Famine Feared in Morocco.
LONDON, June 24.—A famine is feared in Morocco owing to the awful ravage of the locusts, which have now reached a capacity for destruction that it seems impossible for human industry or ingenuity to obstruct or diminish. It is the first visitation of the kind, and that country will have to import its food where even rude agriculture has been rewarded with abundance. The insects have stripped fruit trees of their bark, and have even attacked the prickly cactus.

Victoria Parliament Opened.
LONDON, June 24.—A Melbourne dispatch says the Victoria parliament opened there yesterday. In opening the session, the governor of the colony, the earl of Hopetown, said that the government would introduce a bill providing for the abolition of system of plural voting. Another bill, he said, extending the franchise to women would also be submitted to the parliament for its consideration.

Election Riot.
ROME, June 24.—An election riot at Bologna, yesterday, growing out of the defeat of a socialist candidate, resulted in one man being killed and many others seriously wounded. The police dispersed the mob, after making a number of arrests.

English Consul Defied.
LONDON, June 24.—A band of armed Kurds are holding an English girl, named Katy Greenfield, aged 14 years, who was abducted at the Turkish consulate in Soujbolak, Persia, in defiance of the English consul.

Russian Jews Detained.
LONDON, June 24.—The Chronicle's Warsaw correspondent says that the Russian government has forbidden Jews to emigrate and that one hundred Jews are detained at the frontier.

After the Brigands.
LONDON, June 24.—Advices from Constantinople state that the band of brigands that captured the German travelers, is so closely pursued that their capture is certain.

Bull-Fighter Seriously Injured.
PARIS, June 24.—During the progress of a bull fight at Lyons the torador, Bellocu, was very seriously injured.

COULDN'T PROVE IT.
Effectless End of the New Orleans Jury Bribery Trials.

NEW ORLEANS, June 24.—In the trial of Deputy Sheriff White for attempting to influence witnesses in the Hennessy murder trial, the court instructed the jury to acquit. A new trial was granted also to McCrystal and Cooney, convicted of jury bribery in connection with the Hennessy murder trial on the ground that the evidence was insufficient. This throws these cases over until next fall. O'Malley presumably will not be put on trial as the evidence against him is considered less strong than against the others. The efforts of the committee on law and order to establish that there was jury bribery in the Hennessy case therefore falls flat.

Business Not Disturbed.
NASHVILLE, June 24.—The failure of the Nashville Savings bank Monday has created but little sensation in business circles, as it has been known to be in financial straits for the past year. The heaviest losers will be its depositors. The total liabilities are figured at \$604,843.10, due principally to Nashville banks and the Hanover National bank of New York city. These banks are fully secured by first class paper. Hon. James M. Head has been selected as trustee and is directed at once to take charge of the bank and wind up its business.

Failed After All This.
BUFFALO, June 24.—Henry Schnlt, a German boss carpenter, attempted suicide last night with an ax, a pick and a poker and finally cut his throat with a razor. He may possibly recover. He has a family. Business reverses have unbalanced his mind.

Earthquake at Charleston, S. C.
CHARLESTON, June 24.—At 11:27 last night a slight shock of earthquake occurred here. The shock was very slight and no damage was done.

JEFF DAVIS' REMAINS.

Richmond, Virginia, and Jackson, Mississippi, Both Ask for Its Interment.

NEW YORK, June 24.—A committee of the Davis Monument association and the chamber of commerce of Richmond, waited on Mrs. Jefferson Davis at the New York hotel yesterday to obtain her reply to the request that her husband's remains be interred in Richmond. Among the delegation were Mayor Ellyson, of Richmond; General Peyton Wise, Editor Waller, of the Richmond Times; President Tyler's grandson, and Mrs. Davis' brother-in-law and Editor Chesterman, of the Richmond Dispatch. They were cordially received by Mrs. Davis, who informed them that a delegation from Mississippi would arrive here to-morrow to request that Mr. Davis' body be interred at Jackson, Miss. She was therefore obliged to postpone her decision.

Governor Lowry heads the Mississippi delegation. The Richmond committee will remain a few days.

Mrs. Davis will be here three weeks longer and then go to some watering place on the coast. Her daughters are with her.

"Phatboy Babbage" Dead.

ROCHESTER, N. Y., June 24.—F. Babbage, of this city, died suddenly last night at Alexandria bay. The deceased was well known all over the United States as "Phatboy Babbage." For several years he had traveled as theatrical and minstrel agent for different companies, and put in his time during the summer acting as a pilot and guide on the St. Lawrence river. He was also the author of a book entitled, "Eighteen Years on the St. Lawrence." He was 51 years old.

Tornado in Southern Kentucky.
LOUISVILLE, June 24.—A tornado is reported from the counties of Monroe, Metcalf and Washington, in southern Kentucky. About fifty farm houses were swept away, and the loss by crops destroyed will amount to \$25,000. Near Tompkinsville James Payne's house was wrecked and several members of his family injured. Samuel McPherson's house and Jacob Bartlett's distillery were destroyed. Near Springfield the damage amounted to \$10,000.

Unknown and Forgotten.
NEW YORK, June 24.—Catherine N. Sinclair, the widow of the tragedian, Edwin Forrest, died Tuesday last at No. 62 West Eighty-fourth street. She was 74 years old. Though once well known as the wife of the well famous star and later on as an actress of no mean ability, her closing years were passed in the darkest obscurity. Broken in health and fortune, she lived her last days beneath the roof of an old friend, and went to her grave unknown and forgotten.

Held for a Railroad Accident.
NEW ORLEANS, June 24.—The coroner's jury investigating the cause of the accident on the Illinois Central road at Saute station, by which six persons were killed, rendered a verdict charging F. C. Tenant with gross carelessness in leaving the switch open and Conductor Isam as an accessory in the act of neglect. Both men were held in the sum of \$2,500 each on the charge of manslaughter.

Crushed to Death by Sawlogs.
LIMA, O., June 24.—A horrible accident occurred at Ohio City, near here. Lambert Smith, 40, was engaged in unloading logs at Albright's sawmill. In some way he was caught between two logs and terribly crushed. His neck and lower jaw were broken, and his body presented a sickening sight. He leaves a wife and one child in destitute circumstances.

Bill Vetoed.
HARRISBURG, Pa., June 24.—The bills dividing the state into congressional and legislative districts, were vetoed by the governor last night. The governor gives several reasons for this action, his main objection being that the bills are unfair and contain many irregularities contrary to the constitutional requirements.

Slashed With a Razor.
MUNCIE, Ind., June 24.—In a fight last night Frank Cotterall, white, badly carved Charles Gilmore, a colored local minister. The preacher was getting the best of Cotterall when the latter pulled a razor and began slashing his opponent's face, head and back of the neck, where a horrible gash was cut.

Ocean Record Broken.
VANCOUVER, B. C., June 24.—The Canadian steamer Empress, of Japan, which arrived here yesterday, 10 days, 21 hours out from Yokohama, made the fastest run ever made across the Pacific, beating by 18 hours that of her sister ship Empress of India, which had previously broken the record.

German in Indiana Schools.
INDIANAPOLIS, June 24.—The supreme court of Indiana yesterday rendered a decision to the effect that German must be taught in the public schools when a petition signed by twenty-five or more residents of any school district is presented to the commissioners.

Prisoners' Hope.
HARRISBURG, Pa., June 24.—The board of pardons yesterday recommended that the death sentence in the cases of Marion Crowle, of Fayette county, and William Killer, of Philadelphia, be committed to imprisonment for life.

China Company Fails.
TRENTON, June 24.—The Trenton China company, controlled by the same men who operated the Star Rubber company, failed yesterday on petition of the Mechanics' National bank. A receiver was appointed.

Schooner Wrecked.
GLOUCESTER, Mass., June 24.—Schooner Otis P. Lord is reported wrecked at St. Birch point, Maine. She was seventy-two tons burthen.

CONTRACT LABOR.

The Law Violated By a Canadian Carpenter.

A LANDING WAS REFUSED HIM.

He Had Come From Canada, Engaged Work and Returned for His Tools But Was Not Allowed to Re-Enter the United States—Other Dispatches From Washington.

WASHINGTON, June 24.—Assistant Secretary Nettleton has decided that a carpenter cannot come from Canada, engage work, and upon return with his tools, enter upon such work without violating the contract labor law. The question came up in the case of William Knight, a carpenter, who arrived by ferryboat at the port of Saulte Ste. Marie, Mich., on June 2, and on being questioned stated that he had previously crossed the river from Canada into Michigan and arranged for employment at his trade; that he then returned to Canada to get his tools, and was now on his way to fulfill his engagement.

The inspector at that port barred him as coming within the law prohibiting the immigration of alien contract laborers, and Assistant Secretary Nettleton yesterday ruled that the case comes within the prohibition of the statute, and that Knight was properly prevented from landing since he did not come as an intending citizen and had entered into a contract to labor before crossing the boundary line to remain.

Crop Reports from Four States.
WASHINGTON, June 24.—Following is from the crop report by states for the week ending June 20:

Kentucky and Tennessee—Local show-ers beneficial to all crops, except increasing weeds in some localities. Wheat harvesting slightly retarded in Tennessee, though a large yield is promised. Corn, oats and meadows promising; fruits fine.

Ohio and Indiana—All crops doing well, though rainfall has been badly distributed in some parts of Indiana. Wheat harvest begun in Indiana; crop heavy. Weeds somewhat troublesome in portions of Ohio.

Not Agents of the World's Fair.
WASHINGTON, June 24.—Secretary Dickinson, of the world's fair, has forwarded to Assistant Secretary Nettleton a copy of resolutions adopted by the board of control. These resolutions set forth that a number of individuals and corporations are stating in the public prints that they are authorized agents in foreign countries to collect exhibits for the fair, and that the board denounces all such as imposters, unless they can show that they received their appointment from the commission, from the board of control or from Director General Davis.

Figures From the Pension Office.
WASHINGTON, June 24.—A statement prepared at the pension office shows that during the week ending June 13, 1891, there were 7,300 pension certificates issued, representing in first payments \$875,248 or an average of \$119.90 to each pensioner. Of the whole number of certificates issued 1,168 were under the general law and 6,132 under the act of June 27, 1890.

Surplus Increasing.
WASHINGTON, June 24.—The treasury has recovered from the heavy drain on account of pension payments, and yesterday Treasurer Nebeker's daily statements showed a net surplus of \$1,257,489. This net surplus will probably daily increase from now until the end of the month, when it is expected to reach its normal condition of about \$10,000,000.

The President Back Home.
WASHINGTON, June 24.—President Harrison arrived in Washington at 2 p. m. He was met by Private Secretary Halford and drove directly to the executive mansion.

NO CAUSE FOR WAR.

Robbery the Sole Object of the Chain of Rocks Riot.

ST. LOUIS, June 24.—Dominico Ginnocchio, Italian consul here, after making an investigation of the Chain of Rocks riot, is of the opinion that the attack on the Italian laborers was with the object of robbery more than anything else. Many of his countrymen who were run out of camp have made statements to Mr. Ginnocchio, and from what these men say he is led to believe that laborers of other nationalities—not only Americans—had made the assault.

Mr. Ginnocchio said further that there was no need of making a great hubbub over the matter. The laws would protect the Italians and punish their persecutors. He had done all he could to institute a prompt and active police investigation, and so far was well satisfied with the result. Juan Montalona, one of the men so badly cut, is at the city hospital. His wound is a very dangerous one, though not necessarily fatal.

Excitement Over a Silver Find.
ROXBURY, N. Y., June 24.—There is considerable excitement in Clintonville, this county, over the discovery of ore supposed to contain silver in large quantities. Specimens have been sent to the United States assayer's office and a report is anxiously awaited. In the meantime the farmers who own real estate in the vicinity of the find are holding their property at fabulous prices. The ledge of rock also contains zinc and iron.

Youth Drowned.
ZANESVILLE, O., June 24.—Johnnie White, aged 12, was seized with cramps while swimming in the river yesterday evening and was drowned before he could be rescued.

WRECKED AT A STATION.

Passenger Train and Gravel Train Come Together at White Plains, N. Y.

WHITE PLAINS, N. Y., June 24.—A passenger train due here at 8:50, and a gravel train came together head on yesterday just in front of the station. The headlights and front end of the locomotives, the front end of the baggage car of the passenger train, and a number of gravel cars were smashed. The shock of the collision hurled the passengers and trainmen from their positions. Engineer Frank Fowler and Fireman J. Sweeney, of the passenger train, were both seriously cut about the head. Engineer Frank Strong and Fireman G. Elliott, of the gravel train, are suffering from the shock.

The following passengers were seriously hurt: Mr. and Mrs. Benjamin Havil, of New Haven, are suffering from shock and face cuts; Mrs. Brown, head cut; Henry Odell, aged 11, of Scarsdale, four wounds about his head and body and suffering from shock; Mr. Meyers, back hurt.

The other passengers escaped with a bad shaking up, and with scratches and with minor wounds. The wreck was cleared away in about an hour. The engineers of both trains say they were signalled that everything was all right and lay the blame on Flagman Arthur Stephens.

Express Train Derailed.

WATERTOWN, N. Y., June 24.—The Niagara Falls express from Suspension Bridge over the New York Central and Rome, Watertown and Ogdensburg to the Adirondacks was derailed at Watertown Junction yesterday. The sleeper Elberon was thrown off its trucks and the passengers shaken up, but no one injured. Some of the passengers lost their valuables.

SOUGHT SUICIDE INSTEAD.

Lost His Daughter's Inheritance and Couldn't Bear to Tell Her.

CANTON, O., June 23.—Edward Schooley's fifteen-year-old daughter received an inheritance of \$2,800 from her grandmother, which Schooley lost in an unfortunate investment. Sooner than acquaint her with the loss, Schooley determined to suicide, and endeavored to purchase prussic acid at several drug-stores, but suspicious clerks refused to sell. The police were notified and Schooley was arrested. At the jail a razor was discovered and with it he attempted to cut his throat. He will be held for an examination as to his sanity. He is an industrious and respected man.

Town Terrorized by Tongs.

FINDLAY, O., June 24.—The citizens of McComb held a mass-meeting last night for the purpose of organizing a law and order league, in the hope that through its influence the spirit of riot, which for the past few days has run rampant in that village, may be subdued and good order restored. Once more it is reported that the marshal has been repeatedly shot at, and that other acts characteristic only of a western town have been perpetrated. The blowing up of the village prison, Sunday night, was only the culmination of what has been previously carried on. The offenders will be ferreted out and brought to justice if possible.

Shot in Self-Defense.

HARTFORD, Conn., June 24.—Steve Daley shot and killed John McCarthy at Trinity college last night at 11 o'clock. Daley is a well known athlete and trainer of the Trinity students. The commencement ball was going on and Daley had been put on guard, as many valuable articles have been stolen in the past few weeks. He heard a noise outside, and going out found a gang of toughs there. He claims that they attacked him, and that he shot in self-defense. McCarthy ran about two hundred feet and fell dead. Daley gave himself up.

Three-Round Fight.

LOCKPORT, N. Y., June 24.—Joe Donner and Connie Daly fought three rounds yesterday with bare knuckles, two miles east of this city. Donner, who is a lightweight, knocked out his opponent easily. The fight was over a girl with whom the young men were enamored. Both the principals were taken after the fight by referee and seconds and given a dip in the Erie canal. They then shook hands and returned to the city friends. Daly was badly bruised and one eye was closed.

Ex-Senator McDonald's Funeral.

INDIANAPOLIS, June 24.—A meeting of the Indianapolis Bar association will be held today in honor of ex-Senator McDonald, and a number of the lawyers of this city and from the state at large, will make speeches. The funeral will be held from the residence and will be public. The remains will be placed in the rear parlor and visitors will be admitted to view them from 1 to 3 o'clock p. m. The state officers met yesterday and adopted a memorial and provided for a floral offering.

Runaway Couple Not Heard From.

GREENCASTLE, Ind., June 24.—It is learned that Cyrenus Martin, the absconding farmer of Parke county, who ran away with neighbor Hood's daughter, was recently employed as a butcher in this city, the firm being Kizer & Martin. He is well along in years and a grandfather, while the girl with whom he eloped is only 20 years of age. The injured father is still on the hunt of the hoary-headed sinner, and will make short shrift of him if he ever finds him.

Arrested for Arson.

MIDDLETOWN, Conn., June 24.—A Swede named Charles Peterson was arrested yesterday for setting a dozen fires at Cobalt. R. C. Wooster, of the New Britain Herald, secured the evidence against Peterson and will receive \$1,200 reward.

Hunted Out His Brains.

MADISON, Ind., June 24.—Uriah Landram, crazy and drunk, hunted out his brains in the Vevey jail last night.

"The new Constitution is going to carry Hickman County by an overwhelming majority, unless all signs fail," says the Clinton Democrat.

The whining appeals made by some of the papers opposing the new Constitution for "fair play" are becoming monotonous. They abuse and ridicule the Constitution and its friends and then want "fair play."

"You can put me and old Kentucky down every time for Cleveland and Reform," was the remark of Governor Buckner to the New York Advertiser a few days ago. The Governor knows well enough that Cleveland is a big favorite in this State.

PRESIDENT M. E. INGALLS, of the Chesapeake and Ohio Railway Company, is mentioned as a compromise candidate for the Democratic nomination for Governor of Ohio. He could no doubt run the State government of Ohio as successfully as he has managed two of the greatest railways of the country, but it is extremely doubtful whether he would accept the honor of a nomination even if it were handed him on a silver platter.

The expenses of the last Legislature are placed at \$150,000. It was in session 142 days, and the biggest part of the time it was frittering away the people's money on trivial legislation of a local character, much of which could be attended to by the county courts. Under the new Constitution the session is limited to sixty days, and this local or special legislation is prohibited. Thus will the people of the State be saved thousands and thousands of dollars.

The Louisville Anzeiger, the only German daily printed in Kentucky and one of the most influential German newspapers in the West, is outspoken and above board in the advocacy of the new Constitution. The German citizens are, as a general thing, in favor of the new instrument. They are property owners as a rule, and are always prompt taxpayers. They want good government, and they want the burdens of taxation equally distributed.—Louisville Post.

The saying that "some people want the earth" is illustrated in the case of Hardsley, the thieving City Treasurer of Philadelphia. Not content with the handsome salary attached to the office, he loaned the public funds to various banks and pocketed the interest amounting to \$100,000 a year, and then stole about \$1,000,000. Things went smoothly with him for awhile, but he has reached the turn in the lane, and his road from this time on is over a bed of thorns.

"COLUMBUS, in Hickman County, has headed off the restrictive provisions of the new Constitution by issuing \$2,500 of its bonds for the purpose of taking stock in a large flour mill to be established there. Their is many an enterprise of this sort that would be nipped in the bud by Section 185 of the new Constitution."

The above is from the "In and About the State" columns of the Courier-Journal. Will the C.-J. please explain why the people of Columbus or any other town should be taxed to help establish a flour mill or any other private enterprise? Isn't that taxing the many for the benefit of a few? And hasn't the C.-J. been condemning just such a system for years in the fight for tariff reform?

Is our distinguished contemporary losing its Democracy?

HARRY COAN fell out of a tree at his home on Fourth street yesterday and badly fractured his left arm between the wrist and elbow. The bones protruded through the skin and his injuries are very painful. Drs. Owens and Pangburn set the fracture.

Whooping Cough.

"We have had an epidemic of whooping cough here, says A. B. Pope, Stewart, Tenn., and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when the remedy is freely given. It completely controls the disease. Fifty cent bottles for sale by Power & Reynolds.

THE ANZEIGER.

The Leading German Newspaper in the South in Favor of the New Constitution.

The Louisville German Anzeiger had a strong editorial in favor of the new Constitution Wednesday, June 17, and has promised to give a hearty support to the cause. It said:

"That our present Constitution is antiquated and, being insufficient for our existing conditions, imperatively calls for a revision, has been the almost unanimous opinion of the people of Kentucky for a long time; and this is shown by the many efforts, the constant endeavor which, for not less than twenty years, have been made for such a revision. * * * It was no slight, insignificant task which lay before the delegates of the people. They had to undertake the purification and restoration of the principles according to which our State should be conducted in order to avoid old errors and to add new safeguards made necessary by the changed times and conditions. * * * Then appeared the most contradictory and varied opinions. Many interested persons thought they deserved special care, and others claimed with tenacity the advantages which the old Constitution gave them without considering that, by these special favors to them, the interests of others were unjustly discriminated against. All things considered, it was a true labyrinth through which the convention had to make its way. That its labors were not so quickly done as some wished was only natural, but it was done at last, and after one hundred and ninety-nine days, the convention was able to lay before its constituents its work, the rejection or acceptance of which the sovereign people of Kentucky must decide upon at the next election. The first question which now presents itself is this: 'Is the new Constitution better than the old, and are the improvements such as to commend it to us for acceptance?' After mature deliberation we say 'yes.'"

"We will not say by any means that the new Constitution is without any faults or is blameless in every respect. On the contrary, we frankly concede that it has many defects, but these defects are more than counterbalanced by the good; and he who considers the question without bias or sordid selfishness will concur with us it is desirable for the general good that the new Constitution should be adopted."

"After years of agitation, after many futile efforts have been made to settle this question, and now that the people have before them the work of their representatives—work that deserves to be called good and that has cost much time, money and care—it would be folly to reject the Constitution simply because one or another selfish interest is presumed to be injured by provisions that tend to the general good. It would be especially silly in this way to throw away the good with the bad, since the Constitution provides means for amendment to avoid real defects or hardships."

"The convention was not political. It disregarded all political disputes and sought only to give the State a Constitution which would bring the greatest good to the greatest number. That, on the whole, this was accomplished must be concluded. As already observed, it cannot be denied that many interests feel themselves injured by one provision or another, and therefore would like to see the whole Constitution rejected, but as to that, we must consider that that which is injurious to the individual, and which, therefore, from the selfish standpoint seems bad, is often of incalculable benefit to the people; and, besides, we must remember that the man is yet to be born who can make a thing right for everybody. If that is not even possible to our Divine Master why should it be expected of a representative assembly?"

Some Census Facts.

"The smallest county in the United States," said Robert P. Porter in a recent interview, "is Bristol, in Rhode Island, containing twenty-five square miles. The largest county is Yavapai, in Arizona. It contains 29,236 square miles, and is nearly as big as Massachusetts, Connecticut, New Hampshire, Vermont and Rhode Island together. Florida contains a greater area of water than any other State—4,440 square miles; Minnesota is next with 4,160 miles. The white people of the South are increasing in numbers faster than the colored people. Massachusetts has a greater number of cities and towns than any other State. As Chicago is the comet of American cities, so Illinois is the most rapidly moving planet in the constellation of States. Eighty years ago she was at the foot of the class, the twenty-third State in rank. Now she is third."

It May Make You Rich.

Say in your newspaper announcement just what you would say if you were to go personally to talk up your goods, and our word for it you will make of the newspaper a thousand fold better salesman, because it can present your announcement every day to 10,000 possible purchasers. The newspaper can do the work in a day that a hundred most efficient and active salesmen cannot accomplish. And the newspaper can save clerk hire and the soiling and spoiling of goods in the showing of them by telling customers beforehand just what you have. The newspaper will make you rich if properly utilized.—Nashville Banner.

LEWIS COUNTY DEMOCRATS.

Proceedings of Last Saturday's Convention at Vanceburg.

Pursuant to a call issued by the Democratic Executive Committee of Lewis County, the delegates selected by the various voting precincts met in convention at Vanceburg on Saturday, June 20, for the purpose of nominating a candidate for Representative in the next General Assembly.

The meeting was called to order by Robert D. Wilson at 1 o'clock p. m., who, after stating the purpose of the convention, called for nominations for Chairman. J. H. Thomas, of Burtonville, presented the name of Judge J. R. Garland, and no other names being proposed he was unanimously elected to the position.

The Chair now called for nominations for Secretary and W. B. Pugh being placed in nomination was elected to said position.

T. B. Bullock moved to make the temporary organization the permanent organization, which was done.

The Chair, upon the adoption of a motion to that effect, appointed W. R. Rea, W. E. Reed and James Chadwick a Committee on County Organization.

It was next moved and adopted that the delegates from the different precincts present their credentials to the Secretary for enrollment, which was accordingly done, and the Secretary's report of same, being read, was adopted.

The Chair declared nominations in order and Mr. A. D. Neal, in a short speech, presented the name of Hon. George T. Halbert, which nomination received several seconds.

After a call of the precincts for nominations by the Secretary, and no other names being presented, Mr. I. N. Lyon, of Tollesboro, moved to make the nomination of Mr. Halbert unanimous, which was accordingly done. To loud calls, Mr. Halbert responded and in his happiest style delivered a short, enthusiastic, Democratic speech.

The Committee on County Organization now reported and after the reading of said report by the Secretary it was adopted.

The new committee elected T. B. Harrison as Chairman, and James Gardiner Secretary.

A motion to the effect that the proceedings of this convention shall be published in the Vanceburg Times, Maysville Commonwealth and Maysville Bulletin was adopted, after which the convention adjourned, sine die.

J. R. GARLAND, Chairman.

WILL B. PUGH, Secretary.

RETSON MINING SALT COMPANY'S

ROCK LUMP SALT FOR CATTLE

To FARMERS, STOCK-RAISERS and OTHERS:

It is not generally known that the use of common loose salt for cattle, horses, sheep and hogs, is injurious to them, but such, however, is the fact. Their nature requires only so much salt as will be absorbed by the saliva. By the ordinary method of salting, more or less of the loose salt is carried undissolved into the stomach, causing irritation to the membranes and coating. In many well authenticated instances the death of sheep, and attacks of colic and other difficulties in horses and cows have been traced to this cause. It is very desirable, therefore, that some method of salting stock be employed. The most suitable form of salt for this purpose is furnished by nature in the Rock or Mineral Salt, and the best possible method of supplying it to stock is to place lumps of it in the mangers and other places where it can be easily reached when required by them. It goes four times as far as common salt, and is cheaper at any reasonable price. Any stock will do 20 per cent. better by using our Rock Salt. They do not have that terrible thirsting for water caused by using common salt, which contains large quantities of lime and magnesia, our salt being the only salt known free from these impurities.

NEWS FROM LEWIS COUNTY.

The Bulletin's Weekly Budget of Items from Vanceburg.

VANCEBURG, JUNE 21, 1891.

Correspondence of the BULLETIN.

Il. C. Bruce and daughter, Elsie, left Tuesday for a visit among relatives in Missouri.

W. W. Magoon will attend the nuptials of Mr. J. B. Bryan and Miss Emma Louise Jenkins at Columbus, Ohio, June 25th. Mr. Magoon is to be the groom's best man.

Miss Pauline Jones has gone to Columbus to attend the above mentioned Bryan-Jenkins wedding. Miss Jones and Miss Jenkins are cousins.

Hon. Geo. T. Halbert was nominated by the Democratic convention last Saturday. If elected Mr. Halbert will make a valuable member of the Legislature. He represented the counties of Greenup, Boyd, Lawrence and Johnson in the Senate sometime in the seventies.

Miss Orna McKinney, of Sand Hill, while sitting on a veranda in front of her home last Wednesday, June 17, during an approaching storm, was struck by lightning and was unconscious for several hours afterward. She is improving slowly, and her physician believes she will fully recover.

The Children's Day exercises at the M. E. Church was held Sunday last, and the recitations, music and decorations were creditable alike to the children and those who had charge of them. The Presbyterian Church will give their exercises next Sunday evening. This feature of the Sunday schools is growing fast in popular favor.

The crop prospects are very good in this county. Wheat is above the average, the late rains have made grass good, oats are better than last year, corn looks fairly well and tobacco is doing nicely. The melon crop out-look is also promising. Fruit of all kinds in abundance in almost every locality, except the valleys back from the river.

The friends of the new Constitution are warm in their praise of the excellent support the BULLETIN has given to it. We have been making inquiry and thus far have found that the principal opposition comes from those who have not carefully compared the new with the old; and by corporations, such as railroads, banks, trust companies, etc. You can scarcely find a banker or bank stockholder, corporation attorney or office-holder, whose salary is lessened by the new instrument, but who are loud in their denunciation of it. If for no other reason this ought to put people of other vocations and professions to seriously thinking about the motive for organized opposition to the new Constitution. It might be pertinent to ask the Courier-Journal who paid, or is to pay, for the thousands of extra copies sent all over the State recently. The objection to the manner of amending the instrument is one of the blindest, and may be answered by saying that the present Constitution cannot be amended at all, legally.

LAMBS—Common to fair, \$1.00@1.50; heavy shippers, \$2.25@3.00. Market higher.

Cincinnati Tobacco Market.

(Tuesday.)

The sales were large for Tuesday and principally of inferior quality. Low grade old and new was up in abundance, and mediums made nearly the rest of the offerings. Prices show no change from an average market, and anything with color or quality finds ready takers. Lugs are steady at good values, while low grade dark trash drops.

Rotation of sales for the week: Morris first, Miami second, Globe third, Bodmann fourth, Cincinnati fifth and Walker sixth.

DROVE OVER HIM.

Broke One of His Legs, and Then Left Him on the Roadside to Suffer.

Abe. Stewart, an old colored man who lives in the West End, was breaking rock on the Germantown pike a mile or so the other side of Moransburg yesterday morning when he was run over by a wagon and had his right leg broken below the knee.

The wagon was in charge of William Cooper, who resides somewhere near Fern Leaf, and from what has been learned it seems the accident was the result of carelessness and negligence on his part, and that he was guilty of rather inhuman treatment.

It is said a twelve-year-old boy was driving the team—a three-horse turnout. Stewart was busily engaged at his work and as there was plenty of room in which to pass him, he paid little attention to the approaching vehicle. He discovered his danger when too late to get out of the way, and the wheels passed over his right leg fracturing the bone.

The wagon proceeded on its way, leaving the crippled negro in the road, but Cooper finally listened to Stewart's cries and went back and lifted the unfortunate fellow off to one side of the pike, where he was left. When asked to explain his conduct, Cooper said he didn't know what to do with Stewart.

Patrick McHugh, who has charge of the work on the pike, learned of the accident soon afterwards, and sent for a buggy and brought Mr. Stewart home.

The accident occurred at 10 o'clock in the morning, and it was 4 o'clock in the afternoon before Stewart reached his home.

The above are the particulars of the case as learned. Mr. Cooper's version of the affair has not been obtained.

A MAD COW.

The Animal's Peculiar Doings During the Paroxysms of Pain.

Mention was made a few days ago that a cow belonging to a farmer on Bull Creek had died of hydrophobia. The animal was the property of Mr. Ira Golden, and one of his neighbor's, who was in town yesterday, told of the animal's peculiar doings during the paroxysms of pain which would seize her every few minutes.

The cow was confined within a small inclosure when it was seen she was going mad. She was as quiet and gentle as any animal until one of the paroxysms would come on, and then her doings were fearful. She would dash about the inclosure in a frantic manner, then stop and jump eight or ten feet in the air, her bellowing and her every action indicating her terrible suffering. She would snap at anything thrust within her reach in a vicious manner, just as a dog would, and would try to seize it and tear it to pieces with her teeth. After she had suffered in this way about two days, she was killed.

The dog that bit her belonged in Chester, and went mad about three weeks ago. He passed up Bull Creek and on into Lewis County. It is reported a man was bitten in Lewis County and has since died of hydrophobia, but the rumor is probably not true.

As elegant lot of cut-glass ice cream dishes and electro silver-plated water sets can be found at Ballenger's. Ladies, call and see them.

PROFESSOR GEORGE M. MOWBRAY, widely known as the inventor of nitro-glycerine, died at North Adams, Mass., Monday. Mowbray was interested in the old glycerine factory in the West End some years ago, and owned the ground until a few years since.

The Danville Advocate says: "A peculiar kind of disease is affecting the horses and mules in portions of Mercer County. Their necks and glands swell up to double their size, and resembles fistula and epizootic. In some cases death has resulted, and so far the cases baffle the owners."

THERE are a great many people in the world who look upon a life insurance agent as a perfect nuisance; but next to the man who stands in the pulpit and pleads with you in the interests of your soul, the man who pleads with you in the interests of your family is really your friend, and that man is the life insurance agent. —Rev. Dr. Hunter.

TEN members of the military band of the Sixth U. S. Infantry Regiment, stationed at Fort Thomas, on the highlands south of Newport, absented themselves from the post without leave on the 15th of last month, when they were under orders to play at a certain military performance. Furthermore they all got drunk during their absence. They have been found guilty of disobedience of orders, absence without leave, and drunkenness, and have been sentenced to six months confinement at the post at hard labor, and to forfeit \$10 each per month of their pay during that time.

A DARK DEED RECALLED.

A Monument to Mark the Last Resting Place of Four Brave Young Men.

The remains of the four Confederate soldiers, who were shot at Midway over thirty years ago by order of General Burbridge, were taken up recently and re-interred in a beautiful lot in the Midway cemetery.

The Blue Grass Clipper says: "These young men were executed for a crime of which they were innocent and of which they were, perhaps, ignorant—in stirring moments. They met their fate like brave men, but the cruel and infamous manner of their taking off has left a feeling of horror in the minds and hearts of our people which time cannot efface. Any effort to do them reverence cannot fail to revive a generous sympathy, whenever the sad event is recalled to memory. A number of our ladies, who rarely fail in anything they undertake, have determined to erect a suitable monument to mark their final resting place, and Mrs. D. Lehman, who is always among the first in good deeds, has kindly invited the ladies to interest themselves in the matter and to meet at her home for the purpose of organizing for the work."

The Clipper adds that the remains were in a good state of preservation. A coat, a boot and shoe were almost as sound as when placed in the grave.

The cruel deed referred to brought sorrow to several Maysville homes. Dawson Prather, of Murphysville, was among those sentenced to death in the same order, but was released through the influence of Mr. Charles B. Coons, a brother-in-law of Prather, and father of Judge W. P. Coons.

Here and There.

CHINA AND JAPAN.

Steamer Advices From Those Two Countries.

SOME VERY STARTLING NEWS.

China's Hostility Towards Foreigners Not Equalled for Many Years—How Decoration Day Was Observed—Press Censorship Removed—Suspension of an Old American Firm—Peace Belongs in Honolulu.

VANCOUVER, B. C., June 24.—The Empress of Japan brings the following advices from China and Japan.

No Use for Foreigners.

The present disturbed condition of China anent foreigners generally, and missionaries in particular, has not been equalled for many years past. Since the destruction by fire of a river steamer some months ago, when the passengers who escaped were treated with such inhuman barbarity, outbursts of the constantly slumbering anti-foreign feeling have been continuous. These exhibitions for the most part have taken place at points more or less remote, but Chinese umbrage appears to have extended to the center of the foreign residences and interests.

The following telegrams which were received by Admiral Belknap, from England, on the 8th and 9th inst., indicate the situation at that time:

Last Friday there was a riot at Klu-kaing, but the English and French gunboats and the Palose stopped it. Foreign women and children were on board the Inconstant. Two men were killed at Wuhu. The Palose proceeded there immediately. There is threatened trouble at Hankow, and the gunboat Porpoise has been sent there. Serious apprehensions are felt here. The foreign ministers at Peking have informed the Chinese government that if foreigners are not protected they will take vigorous action; foreign gunboats are up the river.

From Commander McCurley the following was received:

Mob at Yangtze, China. Chinese destroyed the church and buildings at Wuchang yesterday, seventy miles from here. The situation looks serious, and residents are apprehensive but ready to act here or elsewhere promptly.

From Leonard, United States consul general, the following was received:

The band of Chinese who attacked Yang Chow were prevented from doing any damage at Chin King. The destroyed the French mission at Sochow, seventy miles from here now. Their route leads directly to Shanghai and every indication points that they will come on to the hills. Eighteen miles from Shanghai they destroyed the French mission, and then attacked Siewei, another French mission, four miles from Shanghai. A Russian and a French gunboat are now arriving for up the river, making nine gunboats for the river. One British and one German gunboat and the Alliance are here. I think it is a Chinese insurrection. Later advices received at Yokohama report twenty-two American missionaries ladies arrived at Kinkiang safe. All quiet now at that place and excitement abating.

Decoration Day Observed.

Decoration Day at Yokohama was duly observed. A detachment of sixty blue jackets, under the command of the officers of the United States steamer Monocacy, headed by their band and accompanied by a large number of citizens, marched to the cemetery where the graves of the American soldiers and sailors were decorated. A detachment was also sent by train to Ikegami, where the shaft erected to the memory of the crew of the Oneida, was also decorated.

Prince George Entertained.

Prince George of Greece arrived at Yokohama on the 8th inst., on the Russian gunboat Koreats, from Vladivostok. He was entertained on board the French frigate Triumphant, and was expected to leave for San Francisco by the Gaelic.

American Firm in China Suspends. The North China Daily News, of the 4th inst., announces the suspension of Messrs. Russell & Company, the oldest American firm in China. This firm had branches in New York, Boston and London.

Will Be Represented at Chicago. Regulations as to the organization of the temporary bureau, in connection with the Chicago exhibition were promulgated on the 5th inst., by imperial ordinance. They consist of eleven articles.

Press Censorship Rescinded.

The press censorship law, which was recently put into force, and which caused general discontent among the vernacular newspaper men of Japan has been rescinded.

Peace Belongs in Honolulu.

SAN FRANCISCO, June 24.—The steamer Zealandia which arrived from Honolulu yesterday afternoon, brings the following advices:

The queen returned from her tour of the islands on the 6th inst. She was absent from the capital a little over one month, and received a most loyal reception in every village and district that she passed through. In local politics everything remains quiet, and it is likely to continue, so unless the few malcontents of the Bush and Wilcox crowd should succeed in stirring up some trouble among their few partisans, which is not at all likely. Changes in the cabinet may take place, but it is not anticipated that anything will transpire which will disturb the present peaceful situation.

Steamer Gaelic Arrives.

SAN FRANCISCO, June 24.—Prince George of Greece, who accompanied the czarovich on his tour around the world, arrived from Yokohama on the steamer Gaelic yesterday. He will proceed direct to New York, sail to London, and go thence to St. Petersburg.

Robbers Beheaded.

A band of robbers, infesting the woods near Shanghai, has been employing beautiful women to lure rich men to the robbers' quarters, where they are robbed and murdered. Four of the robbers were captured shortly before the Gaelic sailed and were beheaded.

CHURCH FACTIONS FIGHT.

A General Row Takes Place in a Synagogue in Which Several Are Hurt.

TRAVERSE CITY, Mich., June 24.—Ever since the Jewish synagogue was built here, over two years ago, there has been a continual rivalry among the adherents. One faction claimed the rabbi in charge mingled more freely with one class, and procured another rabbi for their faction. This embittered the other faction and trouble has been brewing for some time. Last night, while one party had possession of the synagogue and was attending to its devotions, the rival faction marched in and a free for all fight ensued. Axes, chairs, clubs, and chandeliers were freely used and many heads were battered and hurt, some seriously.

The officers arrived on the scene as quickly as possible, and after a hard struggle quiet was restored. The following were seriously hurt: A. Cohn, deep scalp wound, condition critical; C. Cohn, scalp wound; Louis Steinberg, cut about the face; S. Yalomstein, scalp wound. Many others were less severely hurt. A number of the participants in the row have been arrested, and warrants are out for the arrest of fifteen others.

FATE OF THE ELLIOTTS.

More Damaging Evidence Against the Accused by Eye-Witnesses.

COLUMBUS, O., June 24.—The state has nearly exhausted its witnesses in the Elliott murder trial, and will probably rest this afternoon.

Dr. Will Hamilton, who conducted the autopsy of W. L. Hughes, testified as to the facts developed. He was also an eye-witness to the tragedy, viewing it from the third story of the Sells' post quarters. The statements of many preceding witnesses, relative to Bill Elliott barricading himself behind some women, was fully corroborated by this witness.

Louis Lindeman also occupied the stand and concisely described that part of the tragedy wherein Patsey pursued Osborn into the hat store. He said that after entering the store, Osborn and Pat had a desperate hand-to-hand struggle, during which a revolver was fired and the former fell to the floor dead. He was very close to the scene and saw Pat get off from his victim.

During the close of the day's session Juror Legg took suddenly ill and court was necessarily adjourned.

No Bid for the Whitley Shops.

SPRINGFIELD, O., June 24.—The mammoth East street shops, the largest in the United States, covering forty-four acres of ground and costing \$1,500,000, were offered for sale yesterday by Receiver George H. Frey, appraised at \$438,911.61. Not a single bid was received and the sale was adjourned. William N. Whiteley, the quondam reaper king, now claims that he will get the shops and will be ready to run by Oct. 1, the creditors accepting six-year mortgage bonds. He is backed by Cincinnati and Chicago parties.

Narrow Escape From a Burning Building.

CLEVELAND, June 24.—Fire in the stone and marble block on Woodland avenue yesterday, caused a loss of \$20,000. Half a dozen young women who roomed in the building had narrow escapes from death. Three sisters named McCrone, had to rush through the burning hall in their night clothes, and were considerably injured. Only the prompt arrival of firemen prevented a large loss of life and property.

Canadian Government Almost Defeated.

OTTAWA, Ont., June 24.—The vote on Hon. Wilfred Laurier's want of confidence motion last night in the house of commons was 83 for and 103 against the government being sustained by a majority of 20. Since then three members who hitherto have voted with the government have gone over to the Liberals. They are Mr. Tarte, Mr. Jones and Mr. Seward. This cuts down the government's majority from 20 to 17.

Accident to a Stage Coach.

MOORESVILLE, Ind., June 24.—Charles J. Burton, of the Mooresville and Monrovia Hack line, met with a terrible accident yesterday by one of his horses shying and running the stage off a steep embankment, landing stage, driver and nine passengers at the bottom. Several were considerably bruised, and a little girl of James Osborn, of Monrovia, was seriously injured.

Fight Stopped by Police.

BATH, Me., June 24.—Last evening a ten-round match for the gate receipts here, between Joe Donovan, of Rockland, and Charles Davis, of Laconia, N. H., was stopped by the police in the fourth round, when Davis had been fought to a standstill.

Bank Robbers Sentenced.

CHICAGO, June 24.—John Corbett, Frank Bennett and Harry Featherstone pleaded guilty yesterday of the charge of robbing the Merchant's Exchange bank at South Chicago last December and were sentenced to ten years in the penitentiary. Charles Mullen, the fourth defendant, failed to appear in court and his bonds of \$8,000 were declared forfeited.

Woman Suffrage in Illinois.

SPRINGFIELD, Ill., June 24.—Governor Fifer has signed the bill enabling women to vote for all school officers. Twenty-six of the forty-four states, a considerable majority of all, have now given women some form of suffrage.

Killed with a Club.

ST. LOUIS, June 23.—During a fight between Arthur Cosley and Henry Coates, both colored, the former had his skull split open with a club and was killed almost instantly.

Ended His Life With a Gun.

PARAMUS, N. J., June 24.—Howard L. Johnson, a son of the founder of the type manufacturing firm of Johnson, Ellison & Company, Philadelphia, committed suicide by shooting, at his home near here yesterday.

Blaze in New York.

NEW YORK, June 24.—Fire last night in the six-story building at Hudson and Reade streets, caused a damage to contents and building of \$25,000. J. Cramer, shoes, is the principal loser.
